

Enhancing SalingJaga: Boosting Conversion for Sharia Life Insurance

Project Risk Management

Fauziyyah Anis – PMPM Student Batch 11

A large blue circle containing the "SalingJaga" logo. The text "SalingJaga" is in a large, white, bold, sans-serif font. Below it, in a smaller white font, is "by AsuransiKitabisa".

SalingJaga
by AsuransiKitabisa

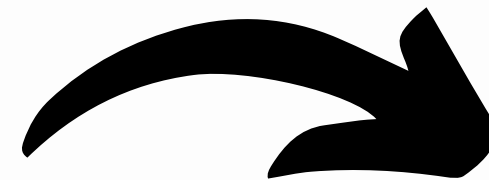

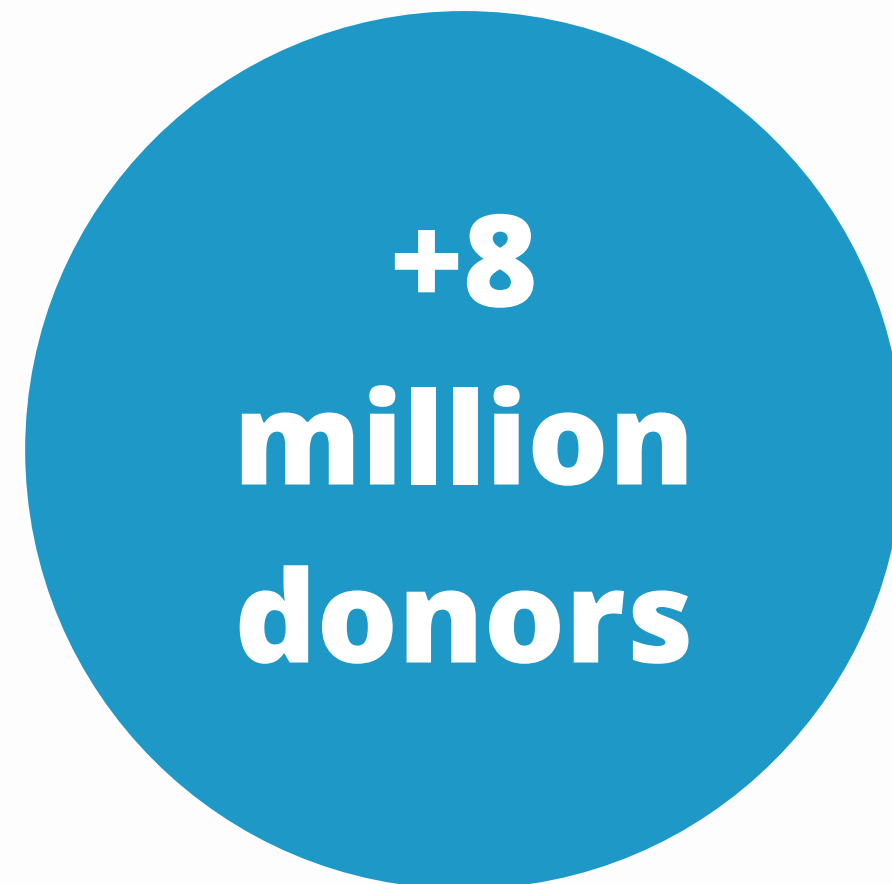

Overview

This project aims to increase the conversion rate from crowdfunding (Kitabisa) users to Sharia life insurance (SalingJaga) users by enhancing the information available and streamlining the activation process.

Background

Provide more sustainable service through Sharia life insurance product called SalingJaga

Kitabisa

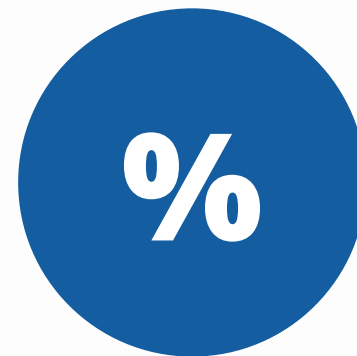

SalingJaga

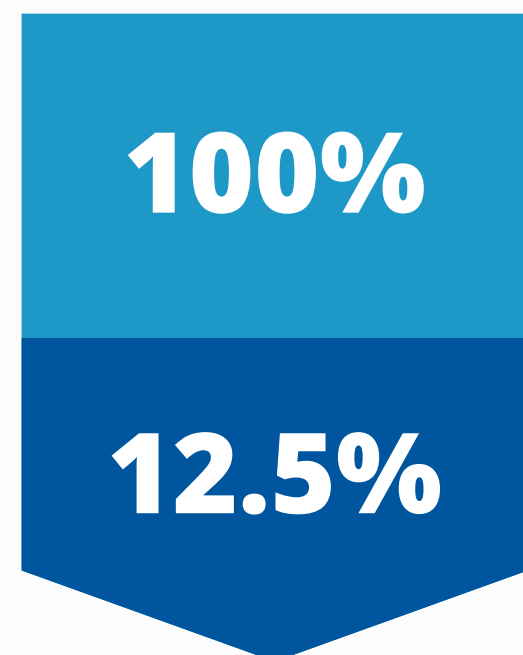

Helping each other through membership collective funds

Problem Statement

Low conversion rate from crowdfunding user to SalingJaga user

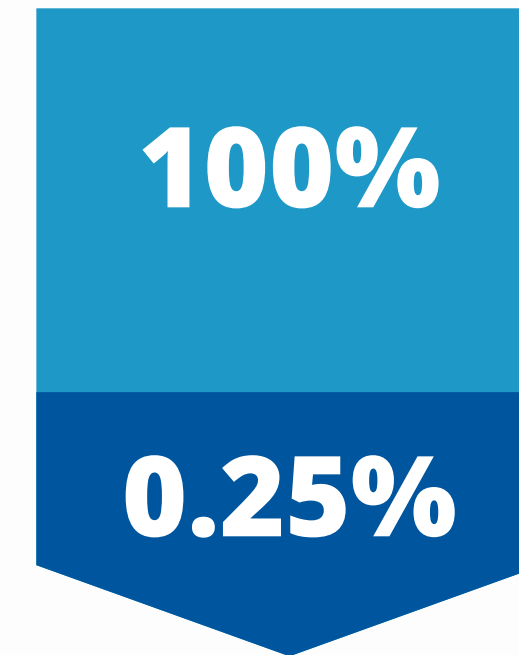

2021

Kitabisa

SalingJaga

2024

100%

0.25%

Objective

Increase conversion rate from crowdfunding user to SalingJaga user

Key Result

Achieve 8% conversion rate within the next 12 months

Achieve 90% completion rate of activation process within the next 12 months

How We Measure

$$\frac{\text{Number of SalingJaga user}}{\text{Number of crowdfunding user}} \times 100$$

$$\frac{\text{Number of eligible users who complete activation}}{\text{Number of eligible users who start activation}} \times 100$$

Scope of Project

01

Enhancing the information available on the Kitabisa homepage and the SalingJaga page

02

Streamlining the activation process on the SalingJaga page

Project Risk Management

This risk management aims to ensure the smooth operation of the project and achieve the company's objective by identifying potential risks early, assessing their impact, and implementing strategies to minimize their effects on our goals.
